EEA™ Staplers with DST Series™ Technology

RELATIONSHIP REDEFINED
THE PARTNERSHIP YOU DESERVE

Medtronic
Further, Together
At Medtronic, we address your most pressing needs. As a complete solution provider, we offer a comprehensive open stapling portfolio with a reputation for reliability, consistency, and efficiency.

Partner with us for:
- Products designed to meet all of your procedural and economic needs
- Efficient inventory-cost management
- Hands-on training by highly trained clinical experts
- Expertise from a global network of healthcare professionals
- On-site support from a skilled sales force

We help you deliver the best patient care you can by providing access to a broad range of innovative technology, from wound closure to advanced energy solutions. By collaborating with Medtronic, you’ll experience a relationship redefined.

Medtronic’s comprehensive open stapling portfolio has a reputation for reliability, consistency and efficiency and is designed to meet all of your procedural and economic needs. Learn more about one of the solutions designed to address bariatric and thoracic surgery, the EEA™ Staplers with DST Series™ Technology.
Directional Stapling Technology improves staple formation in challenging applications.¹

3.5 MM STAPLES Provide 1.5 mm optimal tissue closure (4.8 mm staples also available for thicker tissue).

CHOICE OF BLUNT OR SHARP TIP ACCESSORIES
With easy release black button and suture hole

ORVIL™ DEVICE WITH AUTOMATIC 3-POSITION ANVIL

1. Tilted for Insertion
2. Un-tilts for parallel closure
3. Re-tilts for easy removal

PORTFOLIO + STANDARDIZATION + SERVICE

THE ONLY 25 MM STAPLER WITH 3.5 MM STAPLES
Optimal lumen. Optimal closure.

35 CM WORKING LENGTH
17% longer than competitive models for improved access

AUDIBLE AND TACTILE FEEDBACK
Provides confidence at critical steps in the procedure

FIRST READY-TO-USE TRANS-ORAL DELIVERY SYSTEM
Delivers the anvil — fast, smooth, and easy

18 FR DELIVERY TUBE
Precise delivery through a gastrotomy

UNIQUE, PRE-TILTED ANVILS
Provide smallest cross-section for transesophageal passage

EEA™ stapler with Orvil™ device 21 mm Trans-Oral Delivery System

1. Competitive model refers to Ethicon ECS Series Stealth 28cm working length product. Improved access due to longer length.

## TRADITIONAL STAPLE

Round wire cross-section is more prone to bend in any direction in challenging applications.

## DST SERIES™ TECHNOLOGY

Rectangular wire cross-section bends more reliably in the intended direction.¹
