## Brief Statement

### Medtronic Ppaceart™ System

#### Intended Use

The Ppaceart System is intended for use as a 12-lead electrocardiograph, pacemaker artifact analyzer, and transtelephonic ECG receiving station. It also acts as a database for cardiac patients with or without pacemakers or implantable cardioverter defibrillators.

#### Contraindications

There are no known contraindications for the Ppaceart System.

*See the Ppaceart manuals for more detailed information regarding precautions and use of the system. For further information regarding Ppaceart, please call Medtronic at 1 (800) 722-3278 and/or consult Medtronic's website at [www.ppaceart.com](http://www.ppaceart.com).*
