# BIOTRONIK

The following lists Biotronik implantable cardiac devices supported by programmer import on the Paceart Optima System. **Note:** Information transfer is dependent upon programmer export and Paceart™ System supported fields. Earlier releases of the Paceart System may not support all the devices listed.

# BOSTON SCIENTIFIC

The following lists Boston Scientific implantable cardiac devices supported by programmer import on the Paceart Optima System. **Note:** Information transfer is dependent upon programmer export and Paceart System supported fields. Earlier releases of the Paceart System may not support all the devices listed.

The following lists St. Jude Medical implantable cardiac devices supported by programmer import on the Paceart Optima System. **Note:** Information transfer is dependent upon programmer export and Paceart System supported fields. Earlier releases of the Paceart System may not support all the devices listed.

## Brief Statement

### Paceart™

#### Intended Use

The Paceart System is intended for use as a 12-lead electrocardiograph, pacemaker artifact analyzer, and transtelephonic ECG receiving station. It also acts as a database for cardiac patients with or without pacemakers or implantable cardioverter defibrillators.

**Contraindications:** There are no known contraindications for the Paceart System.

**Precautions:** See the Paceart Manuals for more detailed information regarding precautions and use of the system. For further information regarding Paceart, please call Medtronic at 1 (800) 722-3278 and/or consult Medtronic's website at [www.paceart.com](http://www.paceart.com).

#### Medtronic CareLink™ Monitor/CareLink™ Network

**Intended Use:** The CareLink Monitor and the CareLink Network are indicated for use in the transfer of patient data from some Medtronic implantable cardiac devices based on physician instructions and as described in the product manual. These products are not a substitute for appropriate medical attention in the event of an emergency and should only be used as directed by a physician. CareLink Network availability may be unavailable at times due to maintenance or updates.

**Contraindications:** There are no known contraindications for the CareLink Monitor.

**Warnings and Precautions:** The CareLink Monitor must only be used for interrogating compatible Medtronic implantable devices. The CareLink Monitor is intended for use within the prescribing country.

*See the device manuals for detailed information regarding the instructions for use, indications, contraindications, warnings, precautions, and/or potential adverse events. For further information, please call Medtronic at 1 (800) 328-2518 and/or consult Medtronic's website at [www.medtronic.com](http://www.medtronic.com).*

**Caution:** Federal law (USA) restricts these devices to sale by or on the order of a physician.
