Brief Statement: Medtronic Paceart™ System

Intended Use

The Paceart system is intended for use as a 12-lead electrocardiograph, pacemaker artifact analyzer, and transtelephonic ECG receiving station. It also acts as a database for cardiac patients with or without pacemakers or implantable cardioverter defibrillators.

Contraindications

There are no known contraindications for the Paceart system.

*See the Paceart manuals for more detailed information regarding precautions and use of the system.
For further information regarding Paceart, please call Medtronic at 1-800-722-3278 and/or consult
the Medtronic website at paceart.com.*

Caution: Federal law (USA) restricts this device to sale by or on the order of a physician.
