

DEVICE SERIAL NUMBERS AFFECTED BY RECALL

SynchroMed[®] II (Models 8637-20 and 8637-40) Missing Propellant

The inclusion of a pump in the Suspect Population does *not* mean that the pump was manufactured without propellant.

20 ml Pumps Model 8637-20	40 ml Pumps Model 8637-40
NGP300011H through NGP307363H	NGV300002H through NGV405839H

Note: pumps with serial numbers ending in "N" are not within the Suspect Population

The following tables list devices outside of the above ranges that are included in the Missing Propellant Recall
