## ELA

The following lists ELA implantable cardiac devices supported by programmer import on the Paceart System Get Connected III Edition released April 2009.

**Note:** Information transfer is dependent upon programmer export and Paceart System supported fields. Earlier releases of the Paceart System may not support all the devices listed.

### Supported Implantable Cardiac Devices

6750 Ovatio	CRT	Brio DR	Pacemaker	2250 Symphony SR	Pacemaker
6250 Ovatio VR	ICD	213 Talent DR	Pacemaker	2530 Rhapsody+ DR	Pacemaker
6550 Ovatio DR	ICD	220 Brio D	Pacemaker	2550 Symphony DR	Pacemaker
112 Brio SR	Pacemaker	2210 Rhapsody SR	Pacemaker	Reply DR	Pacemaker
113 Talent SR	Pacemaker	222 Brio DR	Pacemaker	Reply SR	Pacemaker
210 Talent D	Pacemaker 212	223 Talent DR	Pacemaker		

**Note:** Ovatio, Reply, Rhapsody, and Symphony devices are US market released. **Ovatio CRT and Reply are not yet cleared for marketing in the United States.** ELA programmer export to Paceart is not yet cleared for marketing in the United States. Paceart-based components to support the receipt of data from ELA programmers are included in the Get Connected II Edition.

## Locations

# BOSTON SCIENTIFIC

The following lists Boston Scientific implantable cardiac devices supported by programmer import on the Paceart System Get Connected III Edition released April 2009.

**Note:** Information transfer is dependent upon programmer export and Paceart System supported fields. Earlier releases of the Paceart System may not support all the devices listed.

**Note:** When entering Boston Scientific/Guidant device into Paceart's Device Encyclopedia, Guidant must be entered as the manufacturer to ensure import matching occurs.

# VITATRON

The following lists Vitatron implantable cardiac devices supported by programmer import on the Paceart System Get Connected III Edition released April 2009.

**Note:** Information transfer is dependent upon programmer export and Paceart System supported fields. Earlier releases of the Paceart System may not support all the devices listed. Not all products may be available outside the United States. Contact your Medtronic/Vitatron representative for additional information.

## Brief Statement

For further information regarding **Paceart®**, please call Medtronic at 1 (800) 722-3278 and/or consult Medtronic's website at [www.paceart.com](http://www.paceart.com).

**The Medtronic/Vitatron CareLink® Programmer System** is comprised of prescription devices indicated for use in the interrogation and programming of implantable medical devices. Prior to use, refer to the Programmer Reference Guide as well as the appropriate programmer software and implantable device technical manuals for more information related to specific implantable device models. Programming should be attempted only by appropriately trained personnel after careful study of the technical manual for the implantable device and after careful determination of appropriate parameter values based on the patient's condition and pacing system used. The CareLink® Programmer must be used only for programming implantable devices manufactured by Medtronic or Vitatron.

**The CareLink Monitor** is indicated for use in the transfer of patient data from some Medtronic implantable cardiac devices based on physician instructions and as described in the product manual. This product is not a substitute for appropriate medical attention in the event of an emergency and should only be used as directed by a physician. The CareLink Network is currently available in the continental United States, Alaska, and Hawaii.

*See the device manuals for detailed information regarding the instructions for use, indications, contraindications, warnings, precautions, and/or potential adverse events. For further information, please call Medtronic at 1 (800) 328-2518 and/or consult Medtronic's website at [www.medtronic.com](http://www.medtronic.com).*

**Caution:** Federal law (USA) restricts these devices to sale by or on the order of a physician.
