CLEAR BENEFITS FOR YOU & YOUR PATIENTS.

YOUR PATIENTS HEAL FASTER1,2

YOU SAVE TIME & MONEY

THE RIGHT TOOLS FOR THE PROCEDURE.

The LigaSure™ curved jaw device — powered by the Valleylab™ LS10 energy platform — is designed to perform vaginal hysterectomies.

Clinical value
LigaSure™ technology has been used in more than 10 million procedures worldwide, and is supported by an ever-growing body of evidence-based research.6,7

Cost effective
The LigaSure™ curved jaw device features a reusable clamp and a disposable single use electrode — to minimize waste compared with single use devices8

Easy to use
The device’s clamp-like design allows for excellent control and is intuitive for surgeons without previous LigaSure™ device experience8
