

HELP PROTECT PATIENTS. **AND YOUR INVESTMENT.**

Extended warranty plans for the
Situatē™ detection system

The Situatē™ detection system comes standard with a one-year warranty. Now you can build on that peace of mind with a two- or four-year extended warranty.

Both options:

- Cover hardware failures that occur under normal use of the product — including product replacement†
- Become effective after the one-year warranty expires

Act now to help protect patients and your capital investment for the long term.

Protect your investment.

Contact your Situatē™ detection system sales rep or call 800-722-8772
