MAXIMIZED EXPOSURE.
WOUND PROTECTION.
SUPERIOR STRENGTH.¹

SurgiSleeve™ Wound Protector with Retraction Ring

SurgiSleeve™ wound protector provides increased exposure and protection — in all surgical cases.

Medtronic
Further.Together
Retraction ring
Provides greater retraction and visibility versus standard wound protectors and a stable platform for access to the body (large and extra-large sizes).

Blue proximal ring
Adjusts to variable thicknesses of the abdominal wall and is easy to roll down.

3X Stronger material
Offers optimal wound protection.

Flexible gray distal ring
Easily inserted and removed through the incision.

Finger cutouts
Facilitate easy insertion and removal of the retraction ring.

Maximized Wound Exposure
More incision retraction area — up to 9% on the extra-large and up to 17% on the large size.

Circumferential elastic retraction ring maximizes working area for optimal exposure and visualization.
SurgiSleeve™ Wound Protector Outperforms Alexis™ O

Compared with Alexis™ O, the SurgiSleeve™ wound protector offers:

**Retraction ring**
Equivalent or greater wound exposure³

**Superior strength**
Film material is 3X stronger¹

**As fast/faster to use**
Including the retraction ring⁴

**Easier to roll down**
Flexible proximal ring for easy roll down⁴

**Easy to use**
Large and extra-large retraction rings are fast to place and remove⁴

**Standardized**
5 SKUs cover all your wound protection needs versus 15 SKUs for Alexis™ O wound protector/retractor

**Sizes and Reorder Codes**
