

**IN THE LAST YEAR,
MEDTRONIC
THERAPIES
IMPROVED
THE LIVES OF
MORE THAN
72 MILLION PEOPLE.
THAT'S TWO PEOPLE
EVERY SECOND.**

ABOUT US

Making healthcare better is our priority, and we believe medical technology can play an even greater role in improving people's lives. With challenges facing families and healthcare systems — such as rising costs, aging populations, and the burden of chronic disease — we are harnessing the power of technology to take healthcare further.

Innovation and collaboration are central to who we are. Since the late 1940s, we have been working with others to alleviate pain, restore health, and extend life. Today, we are a medical technology leader offering therapies and solutions that enable greater efficiency, access, and value — for healthcare systems, providers, and the people they serve.

WHO WE ARE

Geoff Martha
Chief Executive Officer

90,000+ Employees
10,700+ Scientists and Engineers
