

## Overall Requirements

Program support provided to Academic Institutions focused on clinical training of **Interventional Cardiology Fellows** to advance the understanding and treatment of coronary artery disease.

### **AY 2016-2017: Interventional Cardiology Fellowship Funding Criteria:**

- ACGME or AOA accredited Interventional Cardiology program in good standing at time of submission or affiliation with an academic institution
- Significant PCI case volume to support robust training opportunity
- Training institutions must have familiarity with Medtronic's technology
- Program support for hybrid programs that include interventional training can be considered

## Funding Availability

- Funding amounts are determined by Medtronic's annual budget and the number of qualified applicants
- Fellowship funding applications must be submitted each year
- Applications are reviewed and granted annually
- Grant recipients are responsible for following any requirements their institution may have regarding donations received from the medical device industry
- Unused portions of funding from a prior year must be returned to Medtronic

## To Apply

- Online application open January 9 – April 15
- Application located at [www.medtronic.com/donations/request](http://www.medtronic.com/donations/request)
- Select "Cardiac and Vascular Group (CVG)"
- Select "Coronary"
- Select "Fellowships"
- Email address and password are entered to access application form  
(NOTE: If Institutions forget their password or are new users, select the "forgot my password" or "create a new account" link below the login for assistance.)
- Grant Committee funding decisions will be communicated in June

**Questions about the grants process or technical assistance with the electronic application, can be directed to Nancy Lerner – Phone: 707-591-7196 / [nancy.lerner@medtronic.com](mailto:nancy.lerner@medtronic.com)**
