

Current ICD-10 Diagnosis Codes^{1,2} for Atrial Fibrillation

To conduct an audit electronically, program the guidelines protocols into your EMR or patient databases for identification, flagging and report generation.

Identify all departments:

- Emergency Room
- General Cardiology Clinic
- Heart Failure Clinic
- Sleep Apnea Clinic

Current ICD-10 Diagnosis Codes^{1,2}

- 148.0 – Paroxysmal atrial fibrillation
- 148.1 – Persistent atrial fibrillation
- 148.2 – Chronic (permanent) atrial fibrillation
- 148.91 – Unspecified atrial fibrillation
- 148.3 – Typical atrial flutter (type I)
- 148.4 – Atypical atrial flutter (type II)
- 148.92 – Unspecified atrial flutter

¹ ICD-10 code I48.0 replaced the ICD-9 code in October 2015. If your practice wishes to do a retrospective chart audit that would include patients not seen since January 2016, you are advised to run an audit with both codes.
