NOTE: The MyCareLink™ patient monitor should work in the following countries. However, Medtronic cannot provide specific local carriers nor can we guarantee service will be available. There are no costs or roaming fees if you plan to travel with your MyCareLink™ monitor. Please contact your clinic to see if any changes need to be made to your remote monitoring schedule before you travel.

This product is not a substitute for appropriate medical attention in the event of an emergency and should only be used as directed by a physician.

Additional Information

The Medtronic MyCareLink™ patient monitor is a prescription product indicated for use in the transfer of patient data from some Medtronic implantable cardiac devices based on physician instructions and as described in the product manual. The MyCareLink™ patient monitor transmissions to the CareLink™ network are subject to cellular service availability. The MyCareLink™ patient monitor must be on and in range of the device in order to wirelessly receive data from your implanted device. The Medtronic CareLink™ service is prescribed by your physician. This service is not for everyone. Please talk to your doctor to see if it is right for you. Your physician should discuss all potential benefits and risks with you. Although many patients benefit from the use of this service, results may vary. For further information, please call Medtronic CareLink™ Patient Services at 1-800-929-4043 (8:00 a.m. to 5:00 p.m., Monday–Friday, Central Time) or see the Medtronic website at www.medtronic.com.
