

# BLADDER SYMPTOM QUESTIONNAIRE

1. Which symptoms best describe you? Check all that apply.
- Frequent urination – day, night or both
  - Sudden or strong urge to urinate
  - Leakage with little or no warning – sometimes unable to make it to the bathroom in time
  - Unable to completely empty bladder – feels like there is more even after going to the bathroom
  - Accidental leakage with physical activity—exercising, sneezing, or coughing
  - Bladder or pelvic pain
  - Problems with bowel function (if checked, please select symptom below)
    - Accidental loss or leakage of stool
    - Constipation
    - Other
  - No bladder or bowel problems (if checked, please discontinue questionnaire)

2. How long have you had these symptoms? \_\_\_\_\_

3. Have you tried medications to help your symptoms?  Yes  No

4. If yes, how many different medications have you tried? \_\_\_\_\_

5. On a scale of 0 to 10, with 0 being no symptom relief and 10 being complete symptom relief, how much symptom relief have these medications provided for you? Circle number.

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

*No Relief*

*Complete Symptom Relief*

6. Are you still taking any of these medications?  Yes  No

7. If no, why have you stopped taking them?

- Did not work as well as expected
- Side effects
- Expense
- Interaction with other medication
- Other

8. If 'Side effects' or 'Other' checked, please explain: \_\_\_\_\_

9. Behaviour modifications tried? \_\_\_\_\_

*(i.e. reduced fluid intake, caffeine reduction, Kegel exercises, physical therapy, or lifestyle)*

10. On a scale of 0 to 10, with 0 being no frustration at all and 10 being extremely frustrated, what is your level of frustration with your bladder control symptoms? Circle a number.

0	1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	---	----

*Not Frustrated*

*Extremely Frustrated*

11. Are you interested in learning more about additional treatment alternatives to bladder medications?  Yes  No

**Talk to your doctor about your bladder control problems and share these results with him/her. Sometimes a referral to a specialist for further investigations may be required to confirm your bladder control problems how best to manage it.**
