Capital equipment can be costly. And when you’re managing an ambulatory surgery center (ASC) or office-based lab (OBL), those costs can make it difficult to build, expand, or evolve your service. That’s why we want to provide options to help you cover your capital expenses – and give you more choice in care delivery.

Flexible options.

When you use our products, you not only get access to the therapies clinicians know and trust – you get our partnership too. We’ll work with you to create a custom rebate program designed to meet your purchasing needs. You may direct rebates earned on Medtronic products to associated capital such as:

- Mobile and fixed C-arms
- Fluoroscopy
- Ultrasound
- Surgical tables
- Ceiling booms
- Operating room lights
- And much more
Start with the products you trust.

Choose from one of the comprehensive portfolios below and save on your capital purchases. It’s that simple. Our products cover the full spectrum of your clinical and operational needs. So whether you’re building a new site or expanding into new markets – we’ve got you covered.

Service lines:
- Bariatrics
- Cardiac ablation
- Cardiac rhythm management
- Cardiovascular diagnostics
- Coronary and renal denervation
- Cranial and spine technologies
- Ear, nose and throat
- Gastroenterology
- Pain management
- Peripheral and endovenous
- Renal care
- Urology

Equipment and supplies:
- Biologics
- Patient monitoring
- Respiratory interventions
- Surgical robotics
- Surgical instruments

To learn how you can benefit from the Customer Choice Rebate Program, contact the ASC Executive Management Team at rs.usascenterpriseteam@medtronic.com.

Note: Rebates on Medtronic products are available regardless of whether you purchase capital equipment. At any time, you may direct rebates earned to your capital purchase balance or receive payment in the form of a check. Capital equipment must be appropriately capable of use in the same procedures as Medtronic products. This program does not guarantee payment for capital equipment, and you remain responsible for your capital purchase balance if no rebate is earned or directed to that balance. You are obligated to report rebates earned to your state and federal payors in accordance with applicable law.
