Valleylab™ FT10 energy platform for Cardioblate™ surgical ablation devices and more.
DESIGNED FOR CARDIOBLATE DEVICES

Easy, versatile, and efficient — Valleylab™ FT10 energy platform is intuitive for OR staff to operate. Plug in Cardioblate™ bipolar and monopolar surgical ablation devices along with the Medtronic electrosurgical device of your choice.

- Space-conscious design.
- Color LCD screen provides real-time graphics.
- Touch screen controls make it easy to set and adjust ablation parameters.
- Monopolar mode monitors and controls RF energy delivery at a preselected level.
- Bipolar mode automatically monitors tissue impedance, adjusts RF energy delivery, and provides confirmation of transmurality.
- Worldwide equipment service and support plans available.

Devices plugged in:
Cardioblate™ LP IRF Bipolar Clamp
Electrosurgical Pencil with Coated Electrode
Cardioblate™ Monopolar XL Pen

†No need for multiple generators for certain functionality.
EFFICIENCIES MATTER MORE THAN EVER

Whether in the CVOR or across the hospital, a versatile RF energy solution makes sense.

Valleylab™ FT10 energy platform is now designed to operate with your Cardioblate™ surgical ablation devices, for an all-in-one RF energy solution.

Cardioblate™ BP2
Irrigated RF Bipolar Clamp

Cardioblate™ LP
Irrigated RF Bipolar Clamp
REAL-TIME FEEDBACK
REAL-TIME POWER

Delivering precise, irrigated radiofrequency (IRF) energy based on tissue requirements is key to achieving transmurality. The Valleylab™ FT10 energy platform provides the customized energy required for highly reliable, reproducible transmurality.*

*Based on bench data on file at Medtronic.

*LigaSure™ purple pedal footswitch is required for ValleyLab™ FT10 operation with Cardioblate™ devices.

†An Adult REM Electrode, Model E7507 (9-foot) cord or E7507DB (15-foot) cord is required for use with the Cardioblate surgical ablation pen, Model 49313; and XL pen, Model 49314. A commercially available pressure bag, tubing, and normal saline is required for use with all Cardioblate™ devices.
For more information, contact your local Medtronic Surgical Ablation Representative. U.S. Customer Service 1-800-328-1357.

Important Safety Information
For a listing of indications, contraindications, precautions, warnings, and potential adverse events, please refer to the Instructions for Use. CAUTION: Federal law (USA) restricts this device to sale by or on the order of a physician.
