INTERSTIM™ MICRO SYSTEM
RECHARGE
WITHOUT LIMITS

OVERDRIVE™ BATTERY TECHNOLOGY

NOT ALL BATTERIES ARE CREATED EQUAL
The InterStim™ Micro device is:

**SMALLER**
- At 2.8 cm³, the InterStim™ Micro neurostimulator is the smallest sacral neuromodulation device on the market***
- 49% smaller than the Axonics® r-SNM neurostimulator**

**BETTER**
- Zero battery fade at 15 years†

**FASTER**
- Rapid recharging††
- Recharge in 20 minutes, once a week‡
- Recharge from zero to 100% in less than an hour‡

**STRONGER**
- Patients can charge how and when they want, whether for a full cycle or just topping off††
- The recharger doesn’t need to be perfectly aligned for recharging to be successful§§

Medtronic
See the device manual for information regarding the instructions for use, indications, contraindications, warnings, precautions, and potential adverse events. If using an MRI SureScan™ device, see the MRI SureScan™ technical manual before performing an MRI. For further information, contact your local Medtronic representative and/or consult the Medtronic website at medtronic.eu.
