

Invest in your ASC's
future on your terms.

Running an ambulatory surgery center (ASC) or office-based lab (OBL) means balancing patient care, operational efficiency, and growth.

At Medtronic, we understand your unique needs, and we're committed to helping you prepare for the future of your center. Our Customer Choice direct rebate program puts you in control so you can choose the capital equipment and products that best support your patients and service lines.

Flexible equipment funding

Our ASC team will collaborate with you to choose a rebate program tailored to meet your needs, helping you fund capital purchases such as:

- C-arms
- Fluoroscopy systems needs
- Ultrasound units
- Surgical tables
- Ceiling booms
- Operating room lights
- Sterile processing equipment
- Fixed lab setups
- Microscopes
- Cardiac recording equipment

Products that power your service lines

Our comprehensive portfolio supports a wide range of specialties, so your ASC or OBL can deliver care across:

- Pain
- Spine
- Ear, Nose & Throat
- Urology
- Cardiac Ablation
- Cardiac Rhythm Management
- Coronary & Renal Denervation
- Peripheral Vascular
- Gastroenterology
- Bariatrics

Note: Rebates on Medtronic products are available regardless of whether you purchase capital equipment. At any time, you may direct rebates earned to your capital purchase balance or receive payment in the form of a check. Capital equipment must be appropriately capable of use in the same procedures as Medtronic products. This program does not guarantee payment for capital equipment, and you remain responsible for your capital purchase balance if no rebate is earned or directed to that balance. You are obligated to report rebates earned to your state and federal payors in accordance with applicable law.
