

## FedEx Shipments to Puerto Rico and Dominican Republic

RE: FedEx Heavy Weight Air and Parcel Shipments to Puerto Rico and Dominican Republic

Dear Valued Supplier,

Medtronic regularly reviews our transportation network for optimum cost, quality, and service. As a result of our recent review, we want to ensure the following updated account numbers are used for FedEx Air Freight & Parcels when Medtronic is responsible for freight charges:

Puerto Rico				Dominican Republic	
Villalba	Ponce	Humacao	Juncos	Davis & Geck Caribe LTD.	Medtronic Dominicana Manufactura S.A
Account # 232542349	Account # 154620915	Account # 107224165	Account # 205451862	Account # 154620915	Account # 107224165

These changes apply to any existing FedEx routing instructions. Shipments with other carriers, including UPS, are not affected at this time.

Medtronic requires all suppliers to follow the shipping guidance (mode and service level) when Medtronic is responsible for freight charges. Where air freight is standard mode of transport, economy air freight must be used unless otherwise directed in writing by the Medtronic buyer. Where ocean freight is the standard mode of transport, any changes to other modes must be communicated in writing by the Medtronic buyer. Medtronic reserves the right to charge back to our suppliers and/or deduct from open invoices the incremental cost from failing to follow our routing instructions. Please utilize the link below for routing instructions.
