Susan Kim, M.D.

Northwestern Medicine
Chicago, Illinois

Susan S. Kim, M.D. is an associate professor of medicine. She is the Director of the Cardiac Implantable Electronic Device Clinic. She is also the Director of Cardiac Electrocardiography. Dr. Kim sees patients with heart rhythm disorders including atrial fibrillation and atrial flutter, supraventricular tachycardia, ventricular tachycardia, and bradycardia. Therapies for these rhythm disorders include watchful waiting, medication, catheter ablation, and cardiac implantable electronic devices such as pacemakers and defibrillators. Dr. Kim previously worked as a junior high school mathematics teacher in Los Angeles through the Teach For America program and maintains a keen interest in teaching. This includes medical students, residents, and fellows, medical staff working in the hospital, and her patients.

Education

University of Chicago Pritzker School of Medicine, MD

Residency

Brigham and Women's Hospital

Fellowship

University of Chicago

Certifications

American Board of Internal Medicine – Cardiovascular Disease

American Board of Internal Medicine – Clinical Cardiac Electrophysiology
