InterStim™ bladder control therapy treats the symptoms of overactive bladder, such as leakage and frequency, and urinary retention, when medications have not worked or were not tolerated. Not intended for patients with a urinary blockage. Risks may include surgical, device, and stimulation-related complications such as pain and uncomfortable stimulation. Results vary; talk to your doctor to see if InterStim™ is right for you. Requires prescription. For further information, please call Medtronic at 1-800-328-0810 and/or consult Medtronic's website at www.medtronic.com. USA Rx Only. Rev 0620
