

Medtronic
MyFuture™

Navigate your bladder and bowel management journey with a guide by your side

Your companion for education and symptom tracking to support you along your journey

It was a lot easier documenting my symptoms on my phone using the MyFuture™ app versus a piece of paper. I would recommend this to anyone else going through this experience.

– Rebecca (*actual patient*)

Welcome to the MyFuture™ app by Medtronic

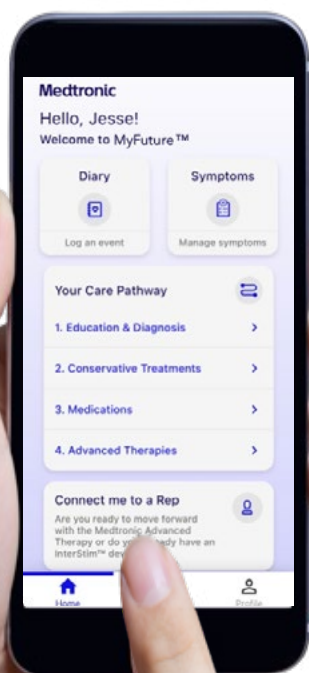

See what's next. Start living it.

Now with the MyFuture™ app, you can find timely, personalized information to help you make informed decisions along your journey.

- Use the app's diary to **easily track your symptoms** to support meaningful conversations with your healthcare provider.
- **Watch walkthrough videos and read educational content** to find the personalized answers you need in one simple app.
- Create and share reports ahead of your appointment to **facilitate better discussions**.
- The MyFuture™ app is designed to be **easy to use** and **Medtronic app support is just one call away**.

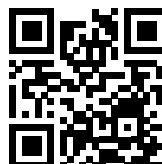

There are many ways you can get access

1. Search for "MyFuture™ by Medtronic" on your device's app store

2. Use your cellphone camera to scan this QR code

3. Visit medtronic.com/MyFutureApp

Tap "Connect me to a Rep" if you are:

1. Undergoing an InterStim™ trial.
2. Receiving an InterStim™ or Altaviva™ implant.
