

Medtronic

Revolutionize
the patient experience

The next era

of electrophysiology

Restore
normal physiology

Reimagine
what's next

EHRA 2026

April 12-14,
Paris, France

**Visit our Booth
N100**

Satellite Symposium

DIRECTing the future: how new cardiac technologies empower patient outcomes

Sunday, April 12, 12:30 - 13:30

Room 1

[Add to calendar](#)

Chairpersons

Archana Rao (Liverpool, GB)

John Paisey (Southampton, GB)

Agenda

- 12:30** **Welcome and introduction**
John Paisey (Southampton, GB)
- 12:33** **DIRECT HF: joining forces to improve patient referral for CRM devices**
Christophe Leclercq (Rennes, FR)
- 12:46** **A new lumenless implantable cardioverter-defibrillator lead: design and clinical study results**
Oscar Cano Perez (Valencia, ES)
- 12:59** **Extravascular implantable cardioverter-defibrillator therapy: real-world clinical results**
Victoria Canadas (Madrid, ES)
- 13:12** **Single center experience with extravascular implantable cardioverter-defibrillator therapy**
Christelle Marquié (Lille, FR)
- 13:25** **Conclusions**
Archana Rao (Liverpool, GB)

Satellite Symposium

Rethinking single-shot: From proven practice to a new sphere in ablation

Sunday, April 12, 15:00 - 15:45

Room 1

[Add to calendar](#)

Chairpersons

Verena Tscholl (Berlin, DE)

Claudia Herrera (Bern, CH)

Agenda

- 15:00** **Welcome and introduction**
Verena Tscholl (Berlin, DE)
- 15:03** **From Cryo to PFA: Practical integration of Single-shot technologies**
Faizel Osman (Coventry, GB)
- 15:12** **Audience Q&A**
- 15:17** **Circular array PFA: Two years of Real-world experience, workflow and outcome**
Lucas Boersma (Nieuwegein, NL)
- 15:26** **Advancing AF ablation with All-in-one, rotation free, Single-shot PFA**
Andreas Metzner (Hamburg, DE)
- 15:35** **Roundtable discussion**

Satellite Symposium

What is new in arrhythmia diagnostics and cardiac pacing?

Monday, April 13, 09:45 - 10:30

Room 1

[Add to calendar](#)

Chairpersons

Anastasia Egorova (Leiden, NL)
Constanze Schmidt (Goettingen, DE)

Agenda

- 09:45 Introduction**
Constanze Schmidt (Goettingen, DE)
- 09:48 Impact of AccuRhythm AI in ICM clinical practice: a real-world experience**
Rodrigue Garcia (Poitiers, FR)
- 10:01 Conduction system pacing: Synchronizing the heart now and in the future**
Zachary Whinnett (London, GB)
- 10:14 12 years of leadless pacing: What did we learn?**
Pierre Ollitraut (Caen, FR)
- 10:27 Conclusions**
Anastasia Egorova (Leiden, NL)

Satellite Symposium

From wide focal to full circle: The mapping and ablation system that does it all

Monday, April 13, 12:00 - 13:00

Room 1

[Add to calendar](#)

Chairpersons

Pierre Jais (Bordeaux, FR)

Melanie Gunawardene (Hamburg, DE)

Agenda

- 12:00 Introduction and welcome**
Melanie Gunawardene (Hamburg, DE)
- 12:03 The All-in-one workhorse:
Advanced mapping, PFA & RF for all AF cases**
Reza Wakili (Frankfurt, DE)
- 12:18 Tackling tough arrhythmias with lattice tip,
large focal PF/RF catheter**
Andrea Sarkozy (Brussels, BE)
- 12:30 Panel discussion**
Pierre Jais (Bordeaux, FR)
- 12:35 The new Sphere in ablation:
First clinical experience with rotation free, full circle PFA catheter**
Petr Peichl (Prague, CZ)
- 13:47 Panel discussion**
Pierre Jais (Bordeaux, FR), Melanie Gunawardene (Hamburg, DE)
- 13:57 Conclusions**
Melanie Gunawardene (Hamburg, DE)

Booth

Visit **Booth N100, Level 2**
to explore & experience our leading
innovation ecosystem

The next era

of Defibrillation

demonstrate OmniaSecure™ new ICD lead advantages and showcase how we revolutionize the patient experience with Aurora EV-ICD™.

of Pacing

Live demonstration & simulation of our Conduction System Pacing ecosystem (including new C320 delivery system) & Micra™ leadless pacing innovations.

of Diagnostics

Harness the power of artificial intelligence with the LINQ™ portfolio of ICMs

of Care

Together, celebrate CareLink™ Network '3 Million reasons' & reimagine what's next with the new MyCareLink™ Home Patient Monitor

of Cardiac mapping and ablation

Connect with experts to uncover new insights into the Affera™ mapping and ablation system featuring Sphere-9™ and Sphere-360™ catheters.

of Single shot ablation

Experience the most comprehensive range of solutions – established performance of Arctic Front Advance™, unparalleled safety of PulseSelect™ and next-generation innovation with Sphere-360™.

Exhibition Opening hours:

Sunday, April 12	09:00 - 17:30
Monday, April 13	09:00 - 17:30
Tuesday, April 14	09:00 - 14:00

Engineering Lab

Don't miss our exciting **Engineering Lab** Tutorials T3, Level 2

Opening hours:

Sunday, April 12	09:00 - 17:00
Monday, April 13	09:00 - 17:00
Tuesday, April 14	09:00 - 14:00

The next era of innovation in cardiac rhythm management and mapping and ablation

Visit our engineering lab to meet experts and explore groundbreaking developments in:

Cardiac mapping and ablation:

- Revolutionize Single Shot with the future of PulseSelect™
- Rethink Single Shot with Sphere-360™: the new sphere in ablation
- Reimagine the EP ecosystem with Affera™
- Experience the Affera™ difference through Hands-On simulation

Cardiac rhythm management:

- Engage with our experts to review Patient Selection for leadless pacing
- Discover how to optimize hemodynamics with our next pacemaker platform
- Explore the new TYRX™ antibacterial envelope and its improved ease-of-use features with our experts
- Enable ICM clinic efficiency through out of lab implantation and new nurse & allied professional training

+ **Build-a-lead (SelectSecure™ 3830 & OmniaSecure™ 3930)** workshop

Seize the unique opportunity to build your own lumenless lead!

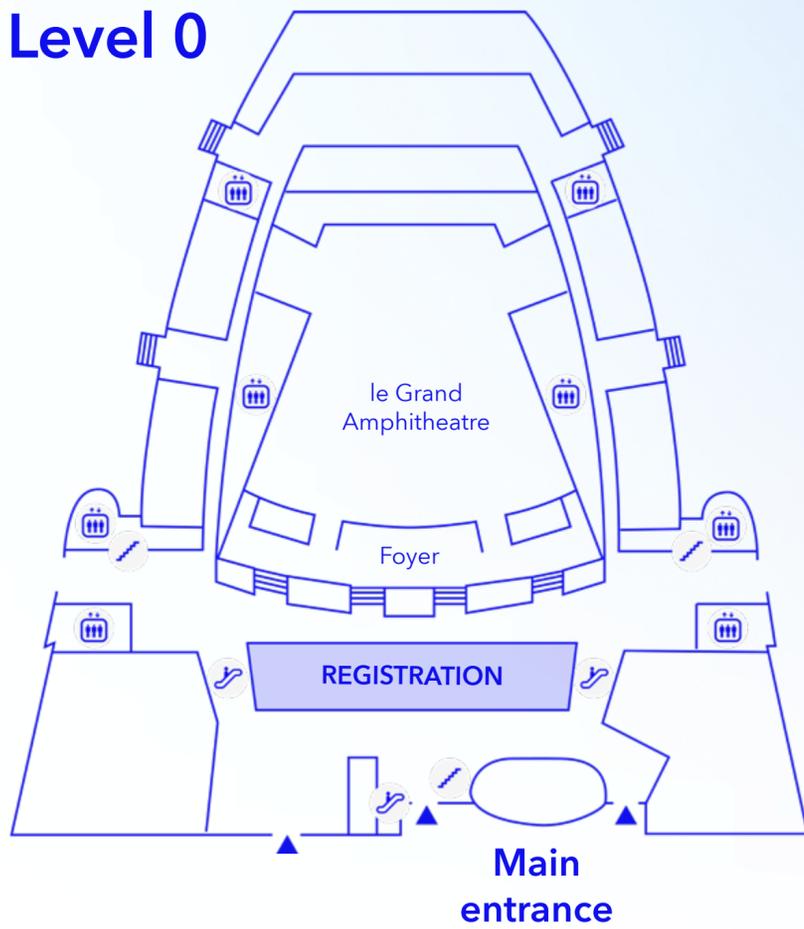

Seats for this activity are limited: contact your Medtronic representative or check at the welcome desk for available slots.

The engineering lab will be accessible during tutorials opening hours; no pre-registration required! Nondisclosure agreement signed upon entry.

Brief statement

This material should not be considered the exclusive source of information; it does not replace or supersede information contained in the device manual(s). Please note that the intended use of a product may vary depending on geographical approvals.

See the device manual(s) for detailed information regarding the intended use, the (implant) procedure, indications, contraindications, warnings, precautions, and potential adverse events. For a MRI compatible device(s), consult the MRI information in the device manual(s) before performing a MRI. If a device is eligible for eIFU usage, instructions for use can be found at Medtronic's website manuals.medtronic.com.

Manuals can be viewed using a current version of any major internet browser. For best results, use Adobe Acrobat® Reader with the browser.

Medtronic products placed on European markets comply with EU and UK legislation (if applicable) on medical devices.

For any further information, contact your local Medtronic representative and/or consult Medtronic's websites. Medtronic medical devices marketed in Spain are in compliance with the Spanish legislation in force.
