Thursday, April 24

ECLS Training Center Workshop

Enjoy first-hand experience and join our cannulation workshop at Medtronic booth A.1

Meet international trainers and gain experience in cannulation techniques with the Medtronic ECLS portfolio.

Program

15:00-16:30 **Precision in practice;
dual lumen in VV ECMO**

**Dawid Staudacher
Chris Harvey**

Registration for the workshop will open on-site from 15 minutes before each session.

This material should not be considered the exclusive source of information, it does not replace or supersede information contained in the device manual(s). Please note that the intended use of a product may vary depending on geographical approvals.

See the device manual(s) for detailed information regarding the intended use, the (implant) procedure, indications, contraindications, warnings, precautions, and potential adverse events. For an MRI-compatible device(s), consult the MRI information in the device manual(s) before performing an MRI.

If a device is eligible for eIFU usage, instructions for use can be found at Medtronic's website: manuals.medtronic.com.

Manuals can be viewed using a current version of any major internet browser. For best results, use Adobe Acrobat® Reader with the browser.

Medtronic products placed on European markets bear the CE mark and the UKCA mark (if applicable).

For any further information, contact your local Medtronic representative and/or consult Medtronic's websites.
