

# Medtronic

FlexCath Contour™ Steerable Sheath - 10 Fr

## Steering therapy with confidence

For use with the PulseSelect™ Pulsed Field Ablation Catheter, FlexCath Contour 10 Fr is a bidirectional sheath designed to enable maximum reach, enhanced anatomical access, and overall maneuverability.<sup>1</sup>

### Enhanced maneuverability

Designed to maintain shape and performance throughout the procedure with increased bidirectional deflection and a redesigned shaft.<sup>1</sup>

### Two tip lengths

Enable options for greater access to the RIPV<sup>1</sup>

### Refined transitions

The distal tip of the sheath has been designed with a gradual approach angle and flexible material to enable a smooth sheath-dilator transition into patient vasculature and across the septum.<sup>1</sup>

### Zero exchange workflow<sup>1</sup>

The FlexCath Contour sheath is designed for transseptal needle introduction and is compatible with the Medtronic transseptal solution, eliminating the need to exchange between sheaths, guidewires, or needles.
