

Medtronic

The Evolut Low Risk Trial continues to support the **safety and efficacy** of Evolut™ TAVI.

At six years, Evolut™ TAVI shows:

1

No significant difference in all-cause mortality, disabling stroke, or cardiovascular mortality versus SAVR.¹

2

Higher reintervention rates with no mortality penalty.¹

5.5% Evolut™ TAVI versus 3.3% SAVR, $p = 0.07$

A legacy of proven performance^{2,3} and continuous innovation

This material should not be considered the exclusive source of information, it does not replace or supersede information contained in the device manual(s).

Please note that the intended use of a product may vary depending on geographical approvals. See the device manual(s) for detailed information regarding the intended use, the (implant) procedure, indications, contraindications, warnings, precautions, and potential adverse events. For a MRI compatible device(s), consult the MRI information in the device manual(s) before performing a MRI. If a device is eligible for eIFU usage, instructions for use can be found at Medtronic's website manuals.medtronic.com. Manuals can be viewed using a current version of any major internet browser. For best results, use Adobe Acrobat® Reader with the browser. Medtronic products placed on European markets comply with EU and UK legislation (if applicable) on medical devices. For any further information, contact your local Medtronic representative and/or consult Medtronic's websites.

Medtronic medical devices in compliance with the Spanish legislation in force.
