

# Detect early. Treat early.

Innovating  
for patients

Early detection and treatment of chronic GI diseases and cancers can be key to better outcomes.<sup>1</sup> Discover how we can support you in achieving proactive GI care for your patients.

**Medtronic**

# Medtronic continues to lead in technology innovation

## Esophageal + gastric disease

Providing diagnosis and treatment for esophageal diseases to help patients across the care continuum.

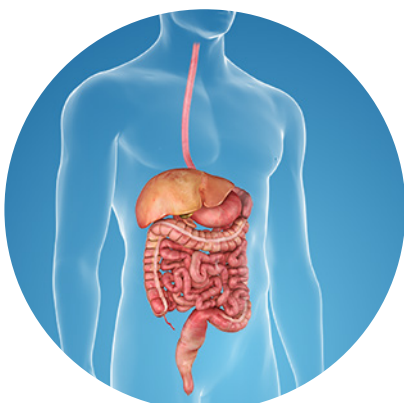

## Hepatopancreaticobiliary disease

Giving patients hope through early detection and treatment of pancreatic and liver disease.

## Colorectal disease

Supporting colorectal disease patients with innovations enabling early detection and treatment.

## GI bleeding + chronic disease

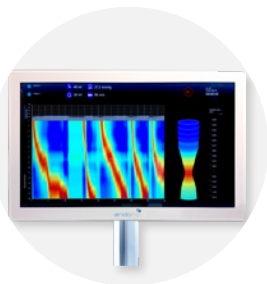

Helping physicians to diagnose GI bleeding and chronic diseases with technologies.
